Dear Ms Turner

Planning Application DC/23/1202: Variation of condition 2 and 3, etc.

Thank you for your consultation on the above-mentioned planning application. Wiston Parish Council wishes to OBJECT to the application for the following reasons:

This is the third time that temporary permission has been sought for a mobile home and access track and these features have already been in place for some six years. These structures detract from the rural character of the area. In particular the 'temporary' access track has every appearance of being a permanent structure.

Given the period of six years since the original temporary planning approval, we question the need for these structures and whether an application for full planning permission would be more appropriate, which properly explains and justifies their purpose.

Thank you again for taking the views of the Parish Council into account.

Yours sincerely,

Sid Garner  
Chair, Wiston Parish Council
